

CROWN MINING COMPLETES \$350,000 PRIVATE PLACEMENT

TORONTO, CANADA, July 28, 2020 – Crown Mining Corp., (“**Crown**” or the “**Company**”) (TSX Venture: CWM) is pleased to announce that it has completed a non-brokered private placement (the “**Private Placement**”) for aggregate gross proceeds of \$350,000. The Private Placement involved the issuance of 7,000,000 units (“**Units**”) at a price of \$0.05 per Unit for gross proceeds of \$350,000. Each Unit consists of one common share in the capital stock the Company (a “**Common Share**”) and one warrant. Each warrant will entitle the holder to purchase one Common Share for \$0.10 at any time within 2 years after closing subject to an acceleration clause. All securities issued pursuant to this Private Placement will be subject to a four-month hold period.

As part of the Private Placement, the Company issued 500,000 Finders' Units to the Finders, with each Finder Unit entitling the holder to purchase one Unit at a price of \$0.05 per Unit, exercisable until July 27, 2022. Each Unit consists of one Common Share and one warrant. Each warrant will entitle the holder to purchase one Common Share for \$0.10 at any time until July 27, 2022, subject to an acceleration clause. In addition, the Company paid Brokers' fees of \$3,150.

A material change report in connection with the Private Placements will be filed less than 21 days before the closing of the Private Placement. The Company believes this shorter period is reasonable and necessary in the circumstances as the Company wished to complete the Private Placements in a timely manner.

The Company will use the proceeds of the Private Placement for general working capital purposes.

About Crown Mining Corp.

Crown controls approximately 15 square miles of patented and unpatented federal mining claims in the Light’s Creek Copper District in Plumas County, NE California; essentially, the entire District. The District contains substantial copper (silver) sulfide and copper oxide resources in three deposits – Moonlight, Superior and Engels, as well as several partially tested and untested exploration targets.

The Superior and Engels Mines operated from about 1915-1930 producing over 161 million pounds of copper from over 4 million tons of rock containing 2.2% copper with silver and gold credits.

The Moonlight Deposit was discovered and drilled by Placer Amex during the 1960’s. Details of the resources on Crown’s property and the parameters used to calculate them can be found in the "Technical Report and Preliminary Economic Assessment for the Moonlight Deposit, Moonlight-Superior Copper Project, California, USA" dated April 12, 2018 on both the company’s website at www.crownminingcorp.com or on www.sedar.com under the Crown Mining Corp profile.

Mr. George Cole is the Qualified Person pursuant to NI 43-101 responsible for the technical information contained in this news release, and he has reviewed and approved this news release.
